## In 2023, we...

added **6 providers** to our medical group and more than **60 affiliated locum and tele-providers**

made **\$1,254,177** in **capital improvements**

distributed a **payroll of \$47,556,814** to approximately 720 employees

donated **\$31,493,077** in services to those in need

paid **\$8,262,130** in taxes

Your health and well-being are our mission at Carolina Pines Regional Medical Center (CPRMC). We view it as a privilege to be your hospital of choice and aspire to deliver the patient outcomes and experiences you deserve.

Per the experts, our efforts hit the mark often in 2023. We were named a "Top General Hospital" by The Leapfrog Group in December 2023, one of the most competitive awards American hospitals can receive – only 35 of the

more than 4,000 eligible hospitals across the country attained the honor. We were one of 153 nationwide and six in the state of South Carolina to be included in Becker's 2023 listing of "Great Community Hospitals." The Carolina Pines' employed Medical Practice attained recognition in 2023 as a Patient-Centered Medical Home from the National Center for Quality Assurance. And finally, we were one of three (of 93) ScionHealth hospitals to earn the 2023 Platinum Award, the highest honor of the company's National Quality Strategy.

Just as important – as this report details – our hospital strives to contribute to the overall community's health. In the process of delivering exceptional and compassionate care to the friends, families, and neighbors who come to us each day, we also uplift our surrounding communities as a large employer, taxpayer, civic leader, donor of charitable care, and champion of charitable organizations. Of course, your support makes this all possible!

Thank you for choosing CPRMC and allowing us to be your partners in better health and a better community.

Sincerely,

Bill Little  
CEO, Carolina Pines Regional Medical Center

## 2023 Success Spotlight

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. In 2023, we added six providers in areas such as primary care, pediatrics, and women's care.

By investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. Last year, we spent more than \$1.2 million in capital improvements, including a surgical-intuitive DaVinci robot, new fire alarm system, vital signs monitor, anesthesia machines, and an UltraClean sonic washer.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

In 2023, we provided more than \$31 million in healthcare services to those in need but without the means to pay.

We are proud to be a leader in our communities, and our dedication to ensuring fiscal responsibility extends to our hospital and community.
