Clarifying Notes

FMP includes longitudinal curriculum and learning activities in Health System science including Population health, Quality improvement, Research/Scholarly Activity, Social determinates of health, Telehealth, simulation/codes, Community Medicine, Ambulatory curriculum modules, and Wellness

Site 7 is a longitudinal rotation used during PGY-2 and PGY-3 for underserved and free clinic care. Sessions are ½ day during FMP rotation.

Continuity Clinic on average is two sessions per resident per week in PGY-1, three sessions per week in PGY-2, and 4 sessions per week in PGY-3, occurring in every block except when residents are in Charleston (1/2 block PGY-2 and 1 block PGY-3), and FMTS (1 session per resident per week).

Vacation may be taken maximum of five days for 4-week blocks and 3 days for 2-week blocks. Vacation will be limited during FMTS and Charleston rotations.
