Carolina Pines Regional Medical Center is proud to be a part of Hartsville and the surrounding region. As a leader in our community, we strive to provide the highest quality care possible—both inside and outside our hospital walls—and are committed to our region’s overall well-being. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are creating a legacy of care for today and generations to come. Thank you for supporting our mission of Making Communities Healthier®.

— Bill Little, CEO, Carolina Pines Regional Medical Center

## In 2018, we...

...added 10 employed and affiliated providers

**Inviting the best possible providers** into our community and supporting them is essential to ensuring access to high quality care. Last year, we added providers in a number of specialties, including orthopedic surgery, urology, family medicine, general surgery, radiology and more.

...made approximately \$1.42 million in capital improvements

**By continually investing in our facilities**, we’re helping to ensure that we continue to meet our community’s healthcare needs. Last year’s investments included surgical equipment and furniture, IT system upgrades and a refurb of our medical office building.

...distributed a payroll of \$47.3 million to 650 employees

**We strive to create an environment** where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$18.6 million in services to those in need

**Delivering care to all of our neighbors**, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$4,560,000 in taxes

**We are proud to be a leader in our region**, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
